Fact Sheet

Improvised Explosive Device Defeat Train-the-Trainer (IEDD-T3)

SITUATION

1. **Introduction.** The purpose of the IEDD-T3 course is to train selected personnel for unit led IED Awareness Training (Train the Trainer). With a specially trained cadre of IED Awareness Instructors to conduct unit training, Commanders can be confident that Soldiers in their command will have a better understanding of how IED's are deployed, how to identify potential IED sites and the TTPs required before, during and after and an IED threat. Commanders can develop the confidence and awareness in their Soldiers and Leaders prior to, and throughout, the unit's deployment.

2. Training is relative to both OIF and OEF deploying units.

3. **Purpose.** The purpose of this fact sheet is to inform units, and select personnel, of the course requirements. This document details requirements that are critical to the successful delivery of the IEDD-T3 course.

MISSION

4. To train selected personnel for the conduct of mandatory pre-deployment IED awareness training, within their units.

EXECUTION

5. **Intent.** The Counter Explosive Hazards Center (CEHC) will conduct IEDD-T3 Training.
